

New Product – Key Facts

Product:

CORE DRILL

New Heavy Duty Core Drill Range
Robust heavy duty core drills for more durability

Application:

- Drilling of large diameters into concrete

Solid walls and base for added strength

New, innovative asymmetrical tooth configuration

Internal 1:8 taper shank

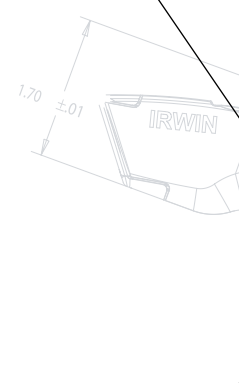

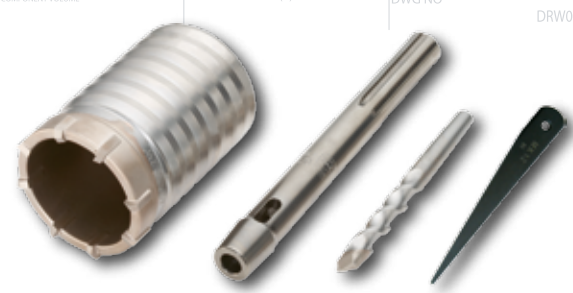

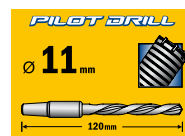

Drift key (10502725)

Pilot drill can be removed quickly with the available drift key (10502725)

Aggressive roof-shaped guide teeth for better stability and performance

Flat-hammer teeth for less friction and higher speed

New, self-explaining packaging helps to identify the right product
